Summary

Passionate Full Stack Developer skilled in building responsive, high-performance web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js). Experienced in REST API development, JWT authentication, and modern frontend tooling. Committed to writing clean, scalable code and delivering exceptional user experiences.

Education

BCA – Bachelor of Computer Applications

MDSU (Maharshi Dayanand Saraswati University), Rajasthan

2023 – Present

3rd Semester Completed

Full Stack Development

Red and White Skill Education, Rajasthan

2025 – Present

Currently Pursuing

Technical Skills

Languages: HTML5, CSS3, JavaScript (ES6+)

Frontend: React.js, Redux, Tailwind CSS, Bootstrap, Material UI

Backend: Node.js, Express.js, REST APIs, JWT, Socket.IO

Database: MongoDB, Mongoose

Tools: Git, GitHub, Vite, Webpack, Postman, VS Code, Docker

Deployment: Vercel, Netlify, Render

Stack: MERN (MongoDB, Express.js, React.js, Node.js)

Projects

Job Finder Portal | [Live Demo](#) | [GitHub](#)

2026

MERN Stack (MongoDB, Express.js, React.js, Node.js), Tailwind CSS, JWT

- Built a full-stack job portal that allows users to search, view, and apply for jobs.
- Integrated JWT authentication with secure login and registration functionality.
- Secured frontend and backend routes using PrivateRoute and authMiddleware.
- Designed a responsive interface with dynamic search, filtering, and category-based listings.
- Fetched and managed API data using Axios and React Hooks.

E-Commerce ShopNexa | [Live Demo](#) | [GitHub](#)

2025

HTML5, CSS3, JavaScript

- Created a responsive e-commerce website featuring product listings and filtering options.
- Engineered reusable UI components and interactive features using vanilla JavaScript.
- Optimized a mobile-first layout to improve accessibility across multiple devices.
- Added cart functionality with dynamic product rendering.

Personal Portfolio Website | [Live Demo](#) | [GitHub](#)

2026

React.js, Tailwind CSS, JavaScript

- Developed a personal portfolio website to showcase projects, skills, and achievements.
- Implemented smooth navigation and responsive layouts using React Router.
- Styled a modern user interface with Tailwind CSS utility classes.
- Configured a contact form with client-side validation.

Achievements & Certifications

Hackathon – Participated in the WebHack Competition at Red and White Skill Education and received a Certificate of Participation (2025).

Performance – Built responsive and optimized React applications using reusable component architecture.
